The Role of Collective Bargaining in the Global Economy

Negotiating for social justice

Edited by Susan Hayter

Participation in the global economy can contribute to growth and development, but as the recent financial crisis demonstrated, such participation can also threaten employment, wages and labour standards. This volume examines the role that collective bargaining plays in ensuring that participation in the global economy is balanced, fair and just. Collective bargaining is often seen as either an impediment to the smooth functioning of markets, or as ineffective. This volume focuses on the other side of the story and demonstrates the positive contribution that collective bargaining can make to both economic and social goals. No one size fits all and the various contributions examine how this fundamental principle and right at work is realized in different country settings and how its practice can be reinforced across borders. The volume also highlights the numerous challenges in this regard and the critically important role that governments play in rebalancing bargaining power in a global economy. The chapters are written in an accessible style and deal with practical subjects (e.g. employment security, workplace change and productivity and working time).

Co-published with Edward Elgar.

“Susan Hayter has put together a first-rate set of authors and chapters on the positive role collective bargaining and employee voice have to play in the global economy of the twenty-first century. Examples from numerous countries illustrate how negotiation and dialogue can lead to a win–win outcome of improved economic performance and enhanced equality and social justice.”

– Bruce Kaufman, Georgia State University, USA

TABLE OF CONTENTS

1. Introduction
   Susan Hayter
2. Negotiating employment security: Innovations and derogations
   Steffen Lehndorff and Thomas Høj Peter
3. Negotiating working time in fragmented labour markets: Realizing the promise of “regulated flexibility”
   Sangheon Lee and Deirdre McCan
4. Bargaining for training: Converging or diverging interests?
   Jason Heyes and Helen Rainbird
5. Workplace change and productivity: Does employee voice make a difference?
   Fadi Fakthah, Virginie Pérotin and Andrew Robinson
6. Mind the gap: Collective bargaining and wage inequality
   Susan Hayter and Bradley Weinga
7. Illustrating the gap: Collective bargaining and income distribution in Chile
   Gerhard Reinecke and María Elena Valenzuela
8. Collective bargaining in transition: Measuring the effects of collective voice in China
   Chang Lee and Mingwei Liu
9. The economic impact of collective bargaining coverage
   Franz Traxler and Bernd Brandl
10. New roles for unions and collective bargaining post the implosion of Wall Street capitalism
    Richard Freeman
11. Globalizing industrial relations: What role for international framework agreements?
    Konstantinos Papadakis
12. Conclusion
    Susan Hayter
